

Newsletter

November 2020

This edition of the BioCelerate newsletter includes updates on our initiatives and upcoming events.

Latest Updates:

Common Template for Nonclinical Studies

New Asset Available! [Version 1.0 of the Nonclinical Common Report Template \(NCRT\)](#) is now available for voluntary adoption. The NCRT is designed as a companion to the currently available [V1.0 Nonclinical Common Protocol Template](#) and supports generating meaningful efficiencies in the reporting process. Both solutions are available for voluntary adoption by industry and can be downloaded from the [BioCelerate Common Templates for Nonclinical Studies](#) webpage along with corresponding implementation materials.

Read more about BioCelerate's efforts in the development of common templates for nonclinical studies at www.biocelerate.org.

Upcoming Events:

 VIRTUAL MEETING

ACT 2020

November 16, 2020
5:00–6:30 PM ET

Check out BioCelerate posters #P204 and #P515 on the ACT 2020 ePoster Platform and join the teams during the Virtual Poster Session. Click on "Chat" from each of our ePoster's main page to engage with our team!
